Lansing Housing Commission 310 Seymour Avenue Lansing, Michigan 48933

HONORABLE MEMBERS IN SESSION:

SUBJECT:

Approval of Lansing Housing Commission's Accounts Receivable Write-offs for November 2012 – Resolution No. 1163

RECOMMENDATION:

Staff recommends adoption of Resolution No.1163 which authorizes the finance division to write off accounts receivable on closed-out tenant accounts as of the end of November 2012.

CONTACT PERSON:

Ramiro Salazar Financial Manager (517) 853.3066

SUMMARY:

This Resolution authorizes the finance division to write off \$5,326.71 (the full amount of resident balances on accounts closed as of November 30, 2012.

BACKGROUND:

It is an industry practice to write off tenant receivables which are deemed uncollectable. The uncollected account balances for residents that moved out of LHC's portfolio as November 30, 2012 total \$5,326.71. This figure was computed by taking the Aged Receivables for all tenants less the Aged Receivables for Active Tenants. As required by our policy this report is updated and presented to you quarterly for your approval.

FINANCIAL CONSIDERATION:

Writing off these receivables is an acknowledgement LHC's maximum exposure is \$5,326.71 for outstanding rent and other charges due from residents who moved out of an LHC property as of November 30, 2012. All accounts receivable are sent to a collection agency that pursues restitution. The collection agency is paid a portion of the amount recovered. As such, the financial impact may be less than the amount written off.

POLICY CONSIDERATIONS:
This action is consistent with LHC's write off policy.

Respectfully Submitted,

Patricia Baines-Lake, Secretary to the Board Lansing Housing Commission

Resolution No. 1163

Adopted By The Lansing Housing Commission January 30, 2013

BE IT RESOLVED BY THE LANSING HOUSING COMMISSION:

The Lansing Housing Commission authorizes the Lansing Housing Commission to immediately write off \$ 5,326.71 of resident account receivables as of November 30, 2012. Patricia Baines-Lake, in her capacity as Executive Director, or her designee is authorized to administer the resolution.

SUBJECT:

Monthly Housing Choice Voucher Informational Report November 2012 Reporting Month

CONTACT PERSON:

Kendra Schmidtman Housing Choice Voucher Coordinator

OVERVIEW:

This report details the status of LHC's performance against HUD established benchmarks, highlights areas of concern, and identifies significant achievements. The highlights of this month's report are:

- HUD requires PHA's to perform Quality Control ("QC") reviews on 24 wait-list files per year. 98% of the wait-list files drawn down must be drawn in accordance with LHC's policies. Zero (0) files were drawn down in November.
 files were drawn down at the end of October. 100% of all wait-list files are being audited. Eight (8) files were audited in November.
- 2. HUD requires that at least 98% of the rents approved by LHC meet established rent reasonable standards. HUD requires LHC to conduct rent reasonable tests on two (2) units per month. LHC performed 12 QC reviews of unit rents in November. The QC review indicated 100% of the rents approved by LHC in November met HUD's rent reasonableness standard.
- 3. HUD requires a QC review of an average of two (2) files per month to determine if proper documentation exists to make an accurate calculation of adjusted income. The LHC completed 15 QC file reviews on non-wait-list participant files in November. Two (2) files contained errors; both were corrected within 30 days.
- 4. HUD requires that the LHC perform QC inspections on 24 units per year, or average of two (2) units per month. The LHC performed three (3) QC inspections

- in November. Two (2) units passed, one (1) unit failed yet passed before the abatement period began.
- HUD requires 98% of all 24-hour HQS deficiencies to be completed within 24-hours. The LHC cited three (3) 24-hour HQS deficiencies in the month of November. These were all corrected within 24-hours.

Respectfully submitted,

Patricia Baines Lake, Secretary to the Board

SUBJECT:

November & December 2012 Asset Management Monthly Report

CONTACT PERSON:

Rod Slaughter Director of Asset Management

OVERVIEW:

Lansing Housing Commission ("LHC") communities have an overall occupancy rate of 92.3%. Our goal is to maintain an overall occupancy rate of 98% going forward in 2013. We have averaged a total of 60 vacant units over the last three (3) months. Our Maintenance staff has renovated more than 40 units leaving us with more than 50 units that are renovated and ready to be occupied in January. The Managers will be making contact with more than 100 applicants in order to fill the vacant units in January and February of 2013.

All AMPS achieved an overall score of 100% on PIC submissions to HUD in November and December. In November and December we had a total of 237 emergency work orders that were closed or abated in 1.05 days (4 work orders longer than 24 hours). and 217 routine work orders that were closed within an average of four (4) days per work order. Our goal is to close out all emergency work orders within 24 hours, and close out routine work orders within an average of three (3) days.

The Asset Managers, Assistant Managers, and I met to discuss their new asset management responsibilities and the adjustments in the way LHC properties are managed going forward. We discussed their expanded involvement in creating and managing their annual budgets, performing their own procurement (Contract Management), and monitoring their monthly MASS (Management Assessment Sub System) scores. We also came to an agreement on the method and type of reports they will submit to the Asset Management Director (Rod Slaughter) going forward. These reports will all be related to their HUD annual performance measurements and their AMP'S performance.

LaRoy Froh and Hildebrandt had their HUD REAC annual inspections. Hildebrandt had a score of 88, and LaRoy Froh had a score of 85. Both sites had deductions of 5 – 6 points for some concrete issues that prevented them from receiving a score in the 90's. The scores Hildebrandt and LaRoy Froh received means they have two year exclusions until their next annual inspection. If they would have received a score over 90 they would have received three year exclusions until the next inspection. We will address the concrete issues with our Capital Fund dollars as we identify the areas that need repairs.

OCCUPANCY:

The PHAS unit months occupied scoring system methodology indicates occupancy is as follows on December 31, 2012:

- 8 vacancies @ Hildebrandt Park 95.2% total of 168 units
- 19 vacancies @ LaRoy Froh Park 91.1% total of 213 units
- 30 vacancies @ South Washington Park 89.2% total of 279 units
- 7 vacancies @ Mt Vernon Park 96.0% total of 173 units

LEASE ENFORCEMENTS:

This section will be updated for the next board meeting.
