# Lansing Housing Commission Policy 2010-4 Michigan Freedom of Information Act Policy

#### Purpose:

This Policy is established to comply with the Michigan Freedom of Information Act ("FOIA"). Public Act 442 of 1976, MCL 15.231, et seq.

#### Overview:

All persons, except those incarcerated, consistent with the Michigan Freedom of Information Act ("FOIA") are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and employees. The people shall be informed so that they may fully participate in the democratic process.

LHC shall comply with the State law in all respects and respond to FOIA requests in a fair and even-handed manner regardless of who makes such a request.

LHC acknowledges it has a legal obligation to disclose all nonexempt public records in its possession pursuant to a FOIA request. It further acknowledges it is sometimes necessary to invoke the exemptions identified under FOIA to ensure the effective operation of government and to protect the privacy of individuals. LHC will protect the public's interest in disclosure, while balancing its obligation to withhold or redact portions of certain records.

LHC has established written procedures and guidelines to implement the FOIA and will created a summary of the specific procedures and guidelines relevant to the general public regarding how to submit written requests to LHC. This also explains LHC's written responses, deposit requirements, fee calculations, and avenues for challenge and appeal. The written public summary shall be written in a manner so as to be easily understood by the general public.

LHC, acting pursuant to the authority at MCL 15.236, designated the Executive Director as the FOIA Coordinator. He or she is authorized to designate other LHC staff to act on his or her behalf to accept, and process written requests for LHC's public records and approve denials.

If a request for a public record is received by a fax or email, the request is deemed to have been received on the following business day. If a request is sent by email and delivered to a LHC spam or junk-mail folder, the request is not deemed received until one day after the FOIA Coordinator first becomes aware of the request. The FOIA Coordinator shall note, in the FOIA log, both the date the request was delivered to the spam or junk-mail folder and the date the FOIA Coordinator became aware of the request.

LHC will make Procedures and Guidelines available without charge. A copy of this Policy and all Procedures and Guidelines must be publicly available by providing free copies both in LHC's response to a written request and upon request by visitors at LHC's main office.

#### Fees

Fees shall be charged in compliance with FOIA. LHC's FOIA procedures will specify the rates to be charged and the deposit/payment protocol. The Finance Division shall review and publish rates annually.

#### Reporting

In February of each year commencing in 2018, LHC shall submit an annual report (covering the most recent calendar year) to the Board of Commissioners of all FOIA requests received, fees received and costs incurred.

## MICHIGAN FREEDOM OF INFORMATION ACT Written Public Summary of Procedures and Guidelines

Consistent with the Michigan Freedom of Information Act ("FOIA"), Public Act 442 of 1976, MCL 15.231, et seq., the following is the Written Public Summary of the Lansing Housing Commission's ("LHC") Freedom of Information Act ("FOIA") Procedures and Guidelines relevant to the general public.

This is only a summary of LHC's FOIA Procedures and Guidelines. For more details and information, copies of LHC's FOIA Procedures and Guidelines are available at no charge at LHC's main office at 419 Cherry, Lansing, Michigan 48933, and on LHC's website: <a href="https://www.lanshc.org">www.lanshc.org</a>.

LHC's FOIA Coordinator is LHC's Executive Director. Send FOIA requests and FOIA related inquiries and correspondence to:

FOIA Coordinator 419 Cherry Lansing, Michigan 48933 FAX: (517) 487-6977 email: FOIA@lanshc.org

## 1. How to submit a FOIA request to LHC.

- A request must sufficiently describe a public record so as to enable LHC to find it.
- Include the words "FOIA" or "FOIA Request" in the request to assist LHC in providing a prompt response.
- Requests to inspect or obtain copies of public records prepared, owned, used, possessed or retained by LHC may be submitted on LHC's FOIA Request Form, in any other form of writing (letter, fax, email, etc.), or by verbal request.
  - Any verbal request will be documented by LHC on LHC's FOIA Request Form.
  - No specific form to submit a written request is required. However, a FOIA Request Form and other FOIA-related forms are available for your use and convenience on LHC's website at www.LHCmi.org and at LHC's main office at 419 Cherry, Lansing, Michigan 48933.
- Written requests may be delivered to LHC in person or by mail:

Executive Director, FOIA Coordinator 419 Cherry Lansing, Michigan 48933

- Requests may be faxed to LHC's FOIA Coordinator at: (517) 487-6550. To
  ensure a prompt response, faxed requests should contain the term "FOIA" or
  "FOIA Request" on the first/cover page.
- Requests may be emailed to LHC's FOIA Coordinator at: FOIA@lanshc.org. To
  ensure a prompt response, email requests should contain the term "FOIA" or
  "FOIA Request" in the subject line.

## 2. What kind of response can be expected to a request.

- Within 5 business days after receiving a FOIA request the FOIA Coordinator will issue a response. If a request is received by fax or email, the request is deemed to have been received on the following business day. The FOIA Coordinator will respond to a request in one of the following ways:
  - Grant the request,
  - Issue a written notice denying the request,
  - Grant the request in part and issue a written notice denying the request in part,
  - Issue a notice indicating that due to the nature of the request LHC needs an additional 10 business days to respond, or
  - Issue a written notice indicating that the public record requested is available at no charge on LHC's website.
- If the request is granted, or granted in part, the FOIA Coordinator will ask that
  payment be made for the allowable fees associated with responding to the
  request before the public record is made available.
- If the cost of processing the request is expected to exceed \$50, or if the requestor has not paid for a previously granted request, the FOIA Coordinator will require a deposit before processing the request.

## 3. What are LHC's deposit requirements?

- If LHC has made a good faith calculation that the total fee for processing the
  request will exceed \$50.00, the FOIA Coordinator will require that the requestor
  provide a deposit in the amount of 50% of the total estimated fee. When the
  FOIA Coordinator requests the deposit, s/he will provide a non-binding best
  efforts estimate of how long it will take to process the request after the deposit
  has been paid.
- If LHC receives a request from a person who has not paid LHC for copies of public records made in fulfillment of a previously granted written request, the FOIA Coordinator will require a deposit of 100% of the estimated processing fee before a search for the public record begins for any subsequent written request when <u>all</u> of the following conditions exist:

- The final fee for the prior written request was not more than 105% of the estimated fee;
- The public records made available contained the information sought in the prior written request and remain in LHC's possession;
- The public records were made available to the individual, subject to payment, within the best effort time frame estimated by LHC to provide the records;
- Ninety (90) days have passed since LHC notified the individual in writing that the public records were available for pickup or mailing;
- The individual is unable to show proof of prior payment to LHC; and
- LHC has calculated an estimated detailed itemization that is the basis for the current written request's increased fee deposit.
- LHC will not require the 100% estimated fee deposit if any of the following apply:
  - The person making the request is able to show proof of prior payment in full to LHC:
  - LHC is subsequently paid in full for all applicable prior written requests;
  - Three hundred sixty-five (365) days have passed since the person made the request for which full payment was not remitted to LHC; or
  - The final fee for the prior written request was not more than 105% of the estimated fee.

#### 4. How does LHC calculate FOIA fees?

FOIA permits LHC to charge for the following costs associated with processing a request:

- Labor costs associated with copying or duplication, which includes making paper copies, making digital copies, or transferring digital public records to non-paper physical media or through the Internet.
- Labor costs associated with searching for, locating and examining a requested public record, when failure to charge a fee will result in unreasonably high costs to LHC.
- Labor costs associated with a review of a record to separate and delete information exempt from disclosure, when failure to charge a fee will result in unreasonably high costs to LHC.
- The cost of copying or duplicating, not including labor, of paper copies of public records. This may include the cost for copies of records already on LHC's website if the requestor asks LHC to make copies.
- The cost of computer discs, computer tapes or other digital or similar media when the requestor asks for records in non-paper physical media. This may include the cost for copies of records already on LHC's website if the requestor asks LHC to make copies.
- The cost to mail or send a public record to a requestor.

#### **Labor Costs**

- All labor costs will be estimated and charged in 15-minute increments, with all partial time increments rounded down. If the time involved is less than 15 minutes, there will be no charge.
- Labor costs will be charged at the hourly wage of the lowest-paid LHC employee capable of doing the work in the specific fee category, regardless of who actually performs the work.
- LHC may add up to 50% to the applicable labor charge amount to cover or partially cover the cost of fringe benefits, but in no case may it exceed the actual cost of fringe benefits.
- Overtime wages will not be included in labor costs unless agreed to by the requestor; overtime costs will not be used to calculate the fringe benefit cost.
- Contracted labor costs will be charged at an hourly rate up to \$48.90 (6 times the state minimum hourly wage).

A labor cost will not be charged for the search, examination, review and the deletion and separation of exempt from nonexempt information unless failure to charge a fee would result in unreasonably high costs to LHC. Costs are unreasonably high when they are excessive and beyond the normal or usual amount for those services compared to LHC's usual FOIA requests, because of the nature of the request in the particular instance. LHC must specifically identify the nature of the unreasonably high costs in writing.

## Copying and Duplication

LHC must use the most economical method for making copies of public records, including using double-sided printing, if cost-saving and available.

## Non-paper Copies on Physical Media

- The cost for records provided on non-paper physical media, such as computer discs, computer tapes or other digital or similar media will be at the actual and most reasonably economical cost for the non-paper media.
- This cost will be charged only if LHC has the technological capability necessary to provide the public record in the requested non-paper physical media format.

## Paper Copies

 Paper copies of public records made on standard letter (8 ½ x 11) or legal (8 ½ x 14) sized paper will not exceed \$.10 per sheet of paper.  Copies for non-standard sized sheets will paper will reflect the actual cost of reproduction.

## **Mailing Costs**

- The cost to mail public records will use a reasonably economical and justified means.
- LHC may charge for the least expensive form of postal delivery confirmation.
- No cost will be made for expedited shipping or insurance unless approved by the requestor.

#### **Waiver of Fees**

The cost of the search for and copying of a public record may be waived or reduced if in the sole judgment of the FOIA Coordinator a waiver or reduced fee is in the public interest because it can be considered as primarily benefitting the general public.

## **Current Charges for Paper and Other Media**

Paper Copies	
81/2x11	10¢ per sheet
81/2x14	10¢ per sheet
8/12x17	10¢ per sheet
Other Paper Sizes	Varies depending on actual cost of the paper
Compact Disc or DVD	\$1.00 each
Photographs, videotapes, maps, plans, blueprints, microfilm and other media	Actual cost of duplication/publication incurred by LHC, including postage
Other media provided by LHC	Varies depending on actual cost of the media

## 5. How to qualify for an indigence discount on the fee.

LHC will discount the first \$20.00 of fees for a request if an affidavit is submitted stating that the requestor is:

- · Indigent and receiving specific public assistance; or
- If not receiving public assistance, stating facts demonstrating an inability to pay because of indigence.

A requestor is **not** eligible to receive the \$20.00 discount if the requestor:

- Has previously received discounted copies of public records from LHC twice during the calendar year; or
- Is requesting information on behalf of other persons who are offering or providing payment to the requestor to make the request.

An affidavit is a sworn statement. For your convenience, LHC has provided an Affidavit of Indigence for the Waiver of FOIA Fees on the back of the LHC FOIA Request Form, which is available on LHC's website: www.LHCmi.org.

## 6. May a nonprofit organization receive a discount on the fee?

A nonprofit organization advocating for developmentally disabled or mentally ill individuals that is formally designated by the State to carry out activities under Subtitle C of the Federal Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law 106-402, and the Protection and Advocacy for Individuals with Mental Illness Act, Public Law 99-319, may receive a \$20.00 discount if the request meets all of the following requirements in FOIA:

- o Is made directly on behalf of the organization or its clients.
- Is made for a reason wholly consistent with the mission and provisions of those laws under section 931 of the mental health code, 1974 PA 258, MCL 330.1931.
- Is accompanied by documentation of its designation by the State, if requested by LHC.

## 7. How may the denial of a public record or an excessive fee be challenged?

## Appeal of a Denial of a Public Record

If a requestor believes that all or a portion of a public record has not been disclosed or has been improperly exempted from disclosure, the requestor may appeal to LHC's Executive Director by filing a written appeal of the denial with the FOIA Coordinator. If the appeal is not filed within 45 days of issuance of the FOIA Coordinator's denial of the request, the determination of the FOIA Coordinator will be LHC's final determination to deny the request.

The appeal must be in writing, specifically state the word "appeal," and identify the reason or reasons the requestor is seeking a reversal of the denial. The requestor may use LHC's Appeal of a FOIA Denial of Records Form, which is available on LHC's website: www.LHCmi.org.

Within 10 business days of receiving the appeal LHC's Executive Director will respond in writing by:

- Reversing the disclosure denial;
- Upholding the disclosure denial; or
- Reversing the disclosure denial in part and upholding the disclosure denial in part.

Whether or not the requestor submitted an appeal of a denial to LHC's Executive Director, the requestor may file a civil action in Wayne County Circuit Court within 180

days after LHC's final determination to deny a request. If the requestor prevails in the civil action the court will award you reasonable attorneys' fees, costs and disbursements. If the person or LHC prevails in part, the court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs, and disbursements. If the court determines that LHC has arbitrarily and capriciously violated FOIA by refusal or delay in disclosing or providing copies of a public record, the court shall order LHC to pay a civil fine of \$1,000.00, which shall be deposited into the general fund of the state treasury. The court shall award, in addition to any actual or compensatory damages, punitive damages in the amount of \$1,000.00 to the person seeking the right to inspect or receive a copy of a public record.

## Appeal of an Excessive FOIA Fee

If the requestor believes that the fee charged by LHC to process a FOIA request exceeds the amount permitted by FOIA, the requestor must first appeal to LHC's Executive Director by filing a written appeal for a fee reduction with the FOIA Coordinator within 45 days of issuance of the FOIA Coordinator's denial of the request.

The appeal must specifically state the word "appeal" and identify how the required fee exceeds the amount permitted. The requestor may use LHC's Appeal of Excess FOIA Fee Form which is available at LHC's main office at 419 Cherry, Lansing, Michigan 48933 and on LHC's website: www.lanshc.org.

Within 10 business days after receiving the appeal, LHC's Executive Director will respond in writing by:

- Waiving the fee;
- Reducing the fee and issuing a written determination indicating the specific basis that supports the remaining fee;
- Upholding the fee and issuing a written determination indicating the specific basis that supports the required fee; or
- Issuing a notice detailing the reason or reasons for extending for not more than 10 business days the period during which LHC's Executive Director will respond to the written appeal.

Within 45 days after receiving notice of LHC Executive Director's determination of the processing fee appeal, the requestor may commence a civil action in Ingham County Circuit Court for a fee reduction. If the requestor prevails in the civil action by receiving a reduction of 50% or more of the total fee, the court may award all or an appropriate amount of reasonable attorneys' fees, costs and disbursements. If the court determines that LHC acted arbitrarily and capriciously by charging an excessive fee, the court may also award the requestor punitive damages in the amount of \$500.

## MICHIGAN FREEDOM OF INFORMATION ACT

**INTERNAL PROCESSS** 

#### 1. Introduction

By enactment of Public Act 442 of 1976, as amended, known as the Freedom of Information Act ("FOIA"), the Michigan Legislature declared the public policy that "all persons (as defined in the FOIA) are entitled to full and complete information regarding the affairs of government and the official acts of those who represent them as public officials and public employees, so that the people may fully participate in the democratic process." These internal Processes are designed to comply with the FOIA's purpose and intent, in spirit and in fact and to provide guidance to the staff responsible for providing FOIA response documentation.

#### 2. Definitions

The applicable definitions under this FOIA Process are:

- A. "Executive Director" means the Executive Director of the Lansing Housing Commission.
- B. "Executive Deputy Director" means the Executive Deputy Director of the Lansing Housing Commission.
- C. "LHC" means the Lansing Housing Commission.
- D. "LHC Department" means a department of LHC.
- E. "FOIA Coordinator" means LHC Executive Director or her designee(s).
- F. "Person" means an individual, corporation, limited liability company, partnership, firm, organization, association, governmental entity, or other legal entity. Person does not include an individual serving a sentence of imprisonment in a state or county correctional facility in this state or any other state, or in a federal correctional facility.
- G. "Process" means these FOIA Processes.

- H. "Public body" means:
  - 1) LHC or a board, Department, commission, council, or agency of LHC.
  - 2) Any other body which is created by LHC authority or which is primarily funded by or through LHC authority.
- I. "Public record" means a writing, prepared, owned, used, in the possession of, or retained by a public body in the performance of an official function, from the time it is created.
  - 1) The act separates public records into two classes:
    - (a) those which are exempt from disclosure, and
    - (b) all others, which shall be subject to disclosure under the FOIA.
- J. "Requester" means the person who submits a FOIA request.
- M. "Unusual circumstances" means any one or a combination of the following, but only to the extent necessary for the proper processing of a request:
  - 1) The need to search for, collect, or appropriately examine or review a voluminous amount of separate and distinct public records pursuant to a single request.
  - 2) The need to collect the requested public records from numerous field offices, facilities, or other establishments which are located apart from the particular office receiving or processing the request.
- N. "Writing" means handwriting, typewriting, printing, photo-stating, photographing, photocopying, and every other means of recording, and includes letters, words. pictures, sounds, or symbols, or combinations thereof, and papers, maps, photographic films or prints, microfilm, microfiche, or other means of recording or retaining meaningful content.
- O. "Written Request" means a writing that asks for information, and includes a writing transmitted by facsimile, electronic mail, or other electronic means.
- 3. Generally

A. A LHC Department, as custodian of a public record must, upon receiving a written request from a person, which sufficiently describes a public record, grant that person the right to inspect, copy or receive copies of public records, unless those records are exempt from disclosure. The creation of compilations, summaries or reports of information is NOT required. Renewable subscriptions may be ordered every six (6) months.

B. Facilities must be made available to inspect records during business hours. Since LHC is required by the FOIA and other laws to protect public records from loss, alteration, mutilation or destruction, reasonable rules necessary to protect public records and to prevent excessive and unreasonable interference with its functions have been established by LHC.

## 4. Processes Regarding Requests

A. Under the FOIA, the FOIA Coordinator is responsible for accepting and processing FOIA requests. A Any other LHC employee who receives a FOIA request shall, within one (1) business day, transmit a copy of the request to the FOIA Coordinator by facsimile. The request is to be faxed to: (517) 487-6550. The FAX cover sheet is to include (1) the name of the LHC employee faxing the request, (2) the words "FOIA Request" or "Request for Information", (3) the date the request was received, (4) who received the FOIA request and (5) the Requester's name. If the date of receipt is unknown, that fact is to be stated.

The FOIA Coordinator shall not respond to a request from the media, except to provide an extension letter, without direction from the Executive Director.

- **B.** The FOIA Coordinator shall develop and utilize forms and form letters to respond to FOIA requests.
- C. Within five (5) business days after a request for inspection or a copy of a public record is received, the FOIA Coordinator must: 1) grant the request; 2) deny the request, in writing; 3) grant the request in part and deny the request in part, in writing; or 4) extend the period of response, in writing, by ten (10) business days.

NOTE: A written request made by facsimile, electronic mail, or other electronic transmission is not considered received until one (1) business day after the electronic transmission is made.

D. Denials of requests must: 1) be in writing; 2) state the legal basis for nondisclosure, or certify that the requested document does not exist, and/or that certain exempt material has been deleted; 3) state that the Requester has the right to: (a) seek an appeal of the denial, which states the word "appeal" and the reason or reasons for reversal of the denial, to the Executive Director: or, (b) to seek judicial review of the denial, together with any Court ordered attorney fees and money damages; and, 4) be approved by the FOIA Coordinator or his/her designee.

E. FOIA Coordinator shall keep a record of all efforts made to locate a record if a request is denied due to the nonexistence of that record. See Attachment 1 to this document for the form to use to record efforts to locate records.

F. The FOIA Coordinator shall keep a record of all time spent searching for and copying requested records. The FOIA Officer or the FOIA Coordinator shall keep a record of all time spent reviewing, deleting and copying records. Records from all involved Departments shall reflect who did the work, the date and time the work was started and completed and the time spent on each task, and the total time spent on the request. See Attachment 2 to this document for an example of a time record.

G. When deleting exempt from nonexempt information, the following Process is to be used:

- 1) Make a copy of the documents (Copy 1).
- 2) Make the deletions on, Copy 1.
- 3) After the deletions are made, make a copy (Copy 2) of Copy 1.
- 4) Submit Copy 2 to the Requester and retain Copy 1 for the FOIA file.

This Process is necessary to prevent the deleted material from being read through the black ink of the magic marker. There is no "read through" problem on Copy 2 as there may be on Copy 1.

H. FOIA Coordinator shall keep a copy of all FOIA requests, responses and records disclosed for a period of one (1) year from the date of the response to the request. At the end of the one (1) year period, the FOIA Officer shall contact the FOIA Coordinator to determine whether the records may be destroyed.

#### 5. Fees

A. If an existing act or statute permits the sale of public records or specifies a fee for such sales, the public shall be so charged.

B. If the fee for a public record is not specified, the Requester may be charged a fee for a public record search, the necessary copying of a public record for inspection or for providing a copy of a public record. The fee shall be the actual mailing costs and actual incremental cost of duplication or publication, including labor, the cost of search, examination, review and deletion and separation of exempt from nonexempt information. The maximum charge for labor, however, cannot exceed the hourly wage of the lowest paid LHC employee capable of retrieving the information necessary to comply with the request. The most economical means available shall be used for providing copies.

- C. The FOIA Coordinator, may agree to search for a public record or provide copies of public records without charge or at a reduced rate where it is determined that the search for a public record or the providing of copies of a public record without charge or at a reduced rate would primarily benefit the general public.
- D. The FOIA Coordinator will discount the first \$20.00 of the processing fee for a request if the person requesting a public record submits an affidavit:
  - Stating that the individual is indigent and receiving specific public assistance, OR
  - Stating facts demonstrating an inability to pay because of indigence If not receiving public assistance

A person is not eligible to receive the waiver if:

- The requestor has previously received discounted copies of public records from LHC twice during the calendar year; OR
- The requestor requests information in connection with other persons who are offering or providing payment to make the request.

An affidavit is a sworn statement. The FOIA Coordinator may make a FOIA Affidavit of Indigence Form available for use by the public.

The FOIA Coordinator will discount the first \$20.00 of the processing fee for a request from:

- A nonprofit organization formally designated by the state to carry out activities under Subtitle C of the Federal Developmental Disabilities Assistance and Bill of Rights Act of 2000, Public Law 106-402, and the Protection and Advocacy for Individuals with Mental Illness Act, Public Law 99-319, or their successors, if the request meets all of the following r requirements:
  - Is made directly on behalf of the organization or its clients.
  - Is made for a reason wholly consistent with the mission and provisions of those laws under section 931 of the mental health code, 1974 PA 258, MCL 330.1931.
  - Is accompanied by documentation of its designation by the state.
- E. Where the fee can reasonably be expected to exceed \$50.00, a deposit of not more than one-half of the total estimated fee may be required.
- F. In establishing fees, all Requesters shall be treated equally.
- G. The FOIA Coordinator, will on a quarterly basis, starting January 1, 2017, determine the cost of 81/2x 11 and 8/12x14 sheets of paper. LHC can only charge for the actual cost of paper of this size not to exceed 10°C per sheet.

## E. Labor charges shall be determined as follows:

The FOIA Coordinator shall obtain the hourly rate (including fringe benefits) for him/herself and the staff who perform FOIA work, from the Finance Department on July 1 of each year. That hourly rate is to be used for calculating FOIA costs through June 30 of the following year.

Refer to Attachment 3 to this document for an example of how fees are to be calculated.

#### 6. Partial Disclosure and Deletion

Where a public record contains both exempt and nonexempt material (see Section 7 below) the exempt material must be deleted. The remainder of the record shall be made available for examination or copying. If the deletion is readily apparent, a general description of the exempt material must be given, unless to do so would reveal the contents of the exempt material. (See Section 4G to view the Processes to be used in deleting information).

## 7. Exempt Material

The following records are not required to be disclosed:

- A. Information of a personal nature: individual's private information which if disclosed would constitute a clearly unwarranted invasion of an individual's privacy.
- B. Law enforcement information such as:
  - 1) Investigation records, to the extent that disclosure would interfere with law enforcement proceedings; deprive a person of the right to a fair trial or impartial administrative adjudication; constitute an unwarranted invasion of personal privacy: disclose the identity of a confidential source or confidential information; disclose law enforcement investigative techniques; or endanger the life or physical safety of law enforcement personnel; and,
  - 2) Public Safety:

Communication codes or plans for deployment of law enforcement personnel, which, if disclosed, would prejudice any public body's ability to protect the public safety.

C. Records Exempted by Other Statutes:

Records or information specifically described and exempted from disclosure by statute or applicable state or federal regulation.

#### D. Records of Other Public Bodies:

A public record or information furnished by a public body originally compiling, preparing, or receiving the record or information to LHC or a LHC Department in connection with the performance of the duties of LHC, LHC Department, or its officers, if the considerations originally giving rise to the exempt nature of the public record remain applicable.

#### E. Trade Secrets or Commercial or Financial Information:

Records voluntarily provided to a LHC Department for use in developing governmental policies, if confidentiality has been promised and authorized by the Executive Director at the time the promise is made.

- 1) The exemption does not apply to information submitted as required by law or as a condition of receiving a governmental contract, license, or other benefit.
- 2) A description of the information must be recorded within a reasonable time after it has been submitted, maintained in a central place within the public body, and made available upon request.

## F. Certain Privileged Communications:

- 1) Information subject to the attorney client privilege.
- 2) Information subject to the physician patient, psychologist patient, minister, priest or Christian Science practitioner privilege or other privilege recognized by statute or court rule.
- 3) Medical or psychological facts or evaluations concerning an individual if the individual's identity would be revealed by disclosure of those facts or evaluations.

#### G. Bids

- 1) Bids or proposals by a person to enter into a contract (until the time for the public opening of bids, or, if a public opening is not conducted, until the time for the receipt of bids has expired); and,
- 2) Testing data developed by a LHC Department in determining whether bidders products meet the specifications for purchase of those products by LHC, if disclosure of the data would reveal only one bidder had met the specifications. The exemption expires one (1) year from the time the testing is complete.

## H. Appraisals of Real Property:

To be acquired by LHC until an agreement is entered into or when three (3) years have elapsed since the making of the appraisal unless litigation relative to the acquisition has not yet terminated.

#### I. Test Information:

Test questions and answers, scoring keys and other examination instruments used to administer a license, public employment or academic examinations.

#### J. Deliberative Process Communications:

Communications and notes within or between public bodies which are advisory in nature and to the extent that they deal with other than purely factual matters and are preliminary to a final agency determination or action, (it must be shown that the public interest in encouraging frank communication between officials and employees clearly outweighs the public interest in disclosure). Includes a determination relative to collective bargaining unless the records are required to be produced under other applicable law.

#### K. Medical Information:

Medical, counseling, or psychological facts or evaluations concerning an individual if the individual's identity would be revealed by a disclosure of those facts or evaluation.

#### L. Security Records:

Records of LHC's security measures, including security plans, security codes and combinations, passwords, passes, keys, and security Processes, to the extent that the records relate to the ongoing security of LHC.

#### M. Civil Litigation:

Records or information relating to a civil action in which the Requester and LHC are parties.

#### N. Social Security Numbers:

Information or records which disclose the social security number of any individual.

See the FOIA for additional or more specific information on exemptions.

#### 8. Effect of a Denial

A. A denial occurs when LHC denies a request, in writing, in whole or part, or fails to respond to a request.

B. If a request is denied, a lawsuit may be started in Wayne County Circuit Court to compel disclosure. The burden will be on LHC to establish that it properly denied the request. If the Court determines that the public record is not exempt from disclosure, it will order that the public record be produced. If the Requester prevails, the Court will also award reasonable attorneys' fees, costs and

disbursements. If the Requester or LHC prevails in part, the Court may, in its discretion, award all or an appropriate portion of reasonable attorneys' fees, costs and disbursements to the Requester. If the Court finds LHC has arbitrarily and capriciously violated the FOIA by refusal or delay in disclosing the public record, the Court must, in addition to actual damages, award punitive damages in the sum of \$1,000.00 to the Requester. (See also Sections 4 and 10 regarding denials of requests.)

- 9. Appeals of Denials
  - A. The Executive Director is responsible for deciding appeals.
  - B. Once a request has been denied, the Requester may file a written appeal to the Executive Director which specifically states the word "appeal" and identifies the reason or reasons for reversal of the denial.
  - C. Within ten (10) calendar days after receiving an appeal, the Executive Director or designee shall do one (1) of the following:
    - 1) Reverse the denial.
    - 2) Issue a written notice to the Requester upholding the denial.
    - 3) Reverse the denial in part and issue a written notice to the Requester upholding the denial in part.
    - 4) Under unusual circumstances, issue a notice extending, for not more than ten (10) business days, the period during which the Executive Director or her designee shall respond to the appeal. The Executive Director or her designee shall not issue more than one (1) notice of extension for a particular appeal.
  - D. If the Executive Director or designee fails to respond to an appeal or upholds all or a portion of the denial, the Requester may seek judicial review of the denial within 180 days.
- 10. Denial of Request for Public Record
  - A. The FOOIA Coordinator or her designee(s) has the authority to approve the denial of FOIA requests directed to LHC or any LHC Department.
  - B. After the FOIA Coordinator approves the denial of a request, the original shall be mailed to the Requester and copies of the denial forwarded to the FOIA Officer.
  - C. When a request is denied based upon the nonexistence of the requested record(s), the FOIA Officer shall submit, by FAX, a signed Certification of Nonexistence to the FOIA Coordinator before the FOIA Coordinator approves the

denial of the request. See Attachment 4, Certificate of Non-Existence of Public Record(s), which is to be used for this purpose.

## 11. Personnel Records, Employee Medical Records and Requests from Labor Unions and Employees

In responding to all requests for personnel records or employee medical records, the FOIA Coordinator shall consult with the Director of Human Resources. For the purposes of these Processes, personnel records include, in addition to the documents in an employee's personnel file, all documents related to wages and terms and conditions of employment. The Human Resources Director shall also be consulted on all requests by labor unions or employees who are members of labor unions. Such requests may ask for the documents under the Public Employees Relations Act ("PERA") and/or the FOIA. The goal is to ensure consistent compliance with LHC's statutory obligation to provide information to labor unions and employees for contract administration and grievance purposes.

#### **EXAMPLE OF HOW FEES ARE TO BE CALCULATED:**

#### ASSUME:

Jane Doe requests a copy of LHC budgets for 1975\_1985. These records have been archived and are located in storage on microfiche. It is estimated it will take 6 hours to locate the records and another 4 hours to copy them. The hourly rate of the lowest paid employee capable of retrieving the records in the Finance Department is \$16.25.

#### ACTION:

1. Calculate total estimated costs to comply

10 hrs. x \$16.25 = \$162.50

Since the estimated costs exceed \$50.00, the requester is sent the letter which is Exhibit C requesting deposit of ½ of the estimated fee, i.e., \$81.25.

2. Upon receipt of the deposit, the search for and duplication of the records begins. It is ultimately determined that the total time for search and duplication was 8.5 hours rather than 10 hours. The balance due from the requester is calculated as follows:

8.5 hrs. x \$16.25 = \$138.16 \$81.25 = \$56.88

The letter which is Exhibit F is sent requesting the balance due. Upon receipt of balance due, the records are sent.

# RULES RELATED TO THE INSPECTION OF PUBLIC RECORDS

Michigan Freedom of Information Act, Public Act 442 of 1976, MCL 15.231, et seg.

Effective December 21, 2016

Upon receiving a written or verbal request to inspect LHC records, LHC shall furnish the requesting person a reasonable opportunity and reasonable facilities for inspection and examination of its public records.

A person shall be allowed to inspect public records during usual business hours for not more than two hours per day. The public does not have unlimited access to LHC offices or facilities, and a person may be required to inspect records at a specified counter or table, and in view of LHC personnel.

LHC staff or consultants/contractors assisting with inspection of public records shall inform any person inspecting records that only pencils, and no pens or ink, may be used to take notes. They shall also be advised not to write on the documents provided.

A person cannot remove records from the place LHC has provided for public inspection.

The FOIA Coordinator is responsible for determining whether the requested records contain exempt information and for identifying if records or information requested by the public is stored in digital files or e-mail, even if the public does not specifically request a digital file or e-mail.

Except as instructed by the FOIA Coordinator, no records shall be removed from the office of the custodian of those records without permission of that custodian, except by court order, subpoena or for audit purposes. The record custodian shall be given a receipt listing the records being removed.

In coordination with the custodian of the record, the FOIA Coordinator shall determine on a case-by-case basis when LHC will provide copies of original records, to allow for blacking out exempt information, to protect old or delicate original records, or because the original record is a digital file or database not available for public inspection.
