Lansing Housing Commission Lansing, Michigan 48933

HONORABLE MEMBERS IN SESSION:

SUBJECT:

Approval to execute a Contract between First Contracting and Lansing Housing Commission to renovate the Kitchens and Baths at LaRoy Froh Townhouses - Resolution #1241.

RECOMMENDATIONS:

Staff recommends adoption of Resolution 1241, which authorizes Patricia Baines-Lake acting in her capacity as Executive Director of Lansing Housing Comission to enter into a contract with First Contracting to renovate the kitchens and baths at LaRoy Froh Townhouses.

CONTACT PERSON:

Patricia A. Baines Lake Executive Director 517.372.7996

SUMMARY:

Authorization of this resolution constitutes the Commission's formal approval of a lump sum contract, in the amount of \$757,005.00 with First Contracting to renovate the kitchens and baths at LaRoy Froh townhouses.

BACKGROUND:

The Lansing Housing Commission ("LHC") issued an RFP for renovation of the kitchens and baths on November 6, 2015 based on drawings and specification prepared by DLZ Architects. LHC and DLZ Architects conducted a walk thru at LaRoy Froh on November 22, 2015. Five (5) contractors participated in the walkthrough. One (1) contract addendum was issued. The sealed bids were due on December 17, 2015. No contractors, one (1) LHC staff and three (3) DLZ Architect representatives participated in the bid opening.

Bid documents were places at four (4) major houses (see attachment) on LHC's website and in the Lansing State Journal. Solicitations were sent to companies who have bid on LHC work in the past and anyone who indicated an interest. Despite our best efforts only two contractors bid on the work. The lowest bid was consistent with the Internal Cost Estimate completed by DLZ Architect. We believe the best practices for a fair open procurement were utilized even though the results in terms of the quantity of bids, is less than ideal. In addition, other construction related requests for proposals are experiencing difficulty in achieving multiple bids in this area. Therefore, staff recommends the board approve the Architect's recommendation to award the bid to First Contracting.

DLZ Architects conducted post-bid interviews with the one (1) bidder to ensure the bid understandings. The apparent low bidder was First Contracting with a Total Lump Sum Base Bid of \$757,005.00 with no irregularities.

RECOMMENDATION

DLZ Architects recommended award of the project to First Contracting based on the review of the submitted bids and contractor qualifications for a Lump Sum amount of \$757,005.00. We believe the best practices for a fair open procurement were utilized even though the results in terms of the quantity of bids, is less than ideal. In addition, other construction related requests for proposals are experiencing difficulty in achieving multiple bids in this area. Therefore, staff recommends the board approve the Architect's recommendation to award the bid to First Contracting.

The bid tabulation is attached.

FINANCIAL CONSIDERATIONS:

Contractor Name:First ContractingBid Amount:\$757,005.00Term:120 DaysFunding:2015 CFP Funds

POLICY CONSIDERATIONS:

The recommended action is in compliance with applicable HUD Procurement Regulations and LHC's Procurement Policy.

Respectfully submitted:

Patricia Baines-Lake, Secretary

RE: RECOMMENDATION OF CONTRACT AWARD LaRoy Froh Townhouses Kitchen and Bathroom Renovations DLZ Project # 1441-6569-01

Dear Ms. Baines-Lake:

Two bids relative to the above-referenced project were received, publicly opened and read at 2:00 p.m. on December 17, 2015, at the Lansing Housing Commission Office in Lansing, Michigan. Included were prices for performing the base scope of work, unit prices, add alternate, and allowances. Bids were reviewed by DLZ Michigan, following the bid opening, and only one bid was found to be responsive and in compliance with the requirements of the bid documents.

BID SUMMARY

Two bids submitted for this project were as follows:

Bidder	Bid Form	Bid Security/Bond	Local Company	Compliance w/Bid Documents	BP#1 Base Bid Price w/Allowance	BP#3 Base Bid Price w/Allowance	Add Alternate #1
First Contracting, Inc.	x	x	x	x	\$343,970.00	\$360,005.00	\$53,030.00
Hubble Construction and Restoration, LLC	-	-	x	-	\$297,732.74	\$477,990.01	-

EVALUATION

The apparent low bid was First Contracting with a Total Lump Sum Price of \$757,005.00 for the Base Bid Scope of Work for Bid Packages #1 and #3, and Add Alternate #1. Based on our evaluation of the bids and post bid interviews we found First Contracting to be confident that all required work was included in their bid, observed the existing working conditions prior to preparing their bid, and also verified they could complete the construction of the project to meet Lansing Housing Commission's scheduling needs.

RECOMMENDATION

Based on our review of the submitted bids, discussions with Lansing Housing Commission, and if sufficient funds can be appropriated, DLZ recommends award of the project to the lowest most qualified bidder, First Contracting, for a Total Lump Sum Price of \$757,005.00.

Should additional information or further discussion relative to this award recommendation be needed, please feel free to contact our office.

POST BID INTERVIEW RECORD

DATE:	January 4, 2016
BY:	DLZ
WITH:	First Contracting, Inc. Brian Flemming & William Seeley
SUBJECT:	Lansing Housing Commission LaRoy Froh Townhouses Kitchen and Bathroom Renovations Post Bid Verification

The following summarized responses from First Contracting are listed below for each question:

- Are you comfortable and confident in your Lump Sum Price?
 a. Answer: Yes
- 2. Are you comfortable and confident in your Add Alternate Pricing?
 - a. Answer: Yes
- 3. Please explain your offered Deduct Alternate Pricing?
 - a. Answer: Provide alternate cabinet manufacturer product as a potential deductive option. Base bid complied with specification requirements. DLZ requested sample and additional product information be provided.
- 4. Did you include the indicated Allowances in your Base Bid? a. Answer: Yes
- 5. The contract calls for project substantial completion within 120 days from the NTP, can you perform the Work in that time frame?
 - a. Answer: Yes, they need a maximum of 3 days per unit to complete work. They indicated that both bid packages could be worked on simultaneously and that they have capacity to do the project. Bid indicates that material lead times expected are approximately 56 calendar days after shop drawing approvals.

Scott,

We decided against bidding this project primarily based on the specific scope of work. We have bid many similar projects for the LHC without success and felt that our time and manpower would be best spent elsewhere. It was my understanding that this was a public bid, thank you for bringing it to our attention. It is unfortunate that there was not much of a response, good luck moving forward with the project.

Chris Martin has been copied into the email as he was also involved in the decision.

Thank you, Jeremy Raymond

Scott,

We received multiple invitation and update emails directly from DLZ for this project. We appreciate the direct invites and all bid opportunities. We attended the bid walk through and while we have had positive experiences working with LHC we decided not to bid the project. The primary reason we did not bid is the logistical difficulty of performing what we felt to be semi extensive remodeling in occupied units. Other contractors such as First Contracting have extensive experience working on occupied multifamily projects and we feared we could not compete due to the fact we would need to increase our prices to cover the the inefficiencies of working in occupied units.

Thank you, Leo Trumble

HONORABLE MEMBERS IN SESSION

Lansing Housing Commission 419 Cherry St. Lansing Michigan 48933

<u>SUBJECT:</u> December 2015 Housing Choice Voucher Monthly Report

CONTACT PERSON:

Jennifer Burnette HCV Coordinator

Family Self Sufficiency:

The number of participants has decreased significantly in the past year. There are 11 participants. As a result of the recent outreach efforts 10 new FSS applicants were selected to participate in the program. LHC has begun the enrollment process. Five (5) additional applicants expressed interest in the program. These applicants are missing items needed to participate in the program which have been requested. Additional outreach will continue until we meet our goal of 40 total participants.

HCV Orientations:

LHC had an Orientation on December 8, 2015 with eight (8) families in attendance.

Waiting List:

The waiting list is closed. There are 100 people left on the waiting list which was open in June of 2015. HCV anticipates opening the waiting list in the late spring or early summer of 2016.

Department Initiatives:

During this reporting period, the Housing Choice Voucher department activities continue as follows:

The HCV Department continues to finalize all waitlist applications that have been pulled. An analysis will be conducted in January to determine if additional waitlist applications should be pulled based on where our HCV utilization stands.

There are 142 active participants in the HUD VASH Program. 27 Veterans are currently searching for housing and 115 Veterans are housed. Five (5) referrals were received

during this reporting period, which required one (1) VASH orientation for the month of December.

<u>SUBJECT:</u> December 2015 Asset Management Monthly Report

CONTACT PERSON:

Patricia Baines-Lake Executive Director

OVERVIEW:

Lansing Housing Commission ("LHC") communities had an overall occupancy rating of **94** %(not including the modernization units) at the end of December, we are at **97**% with the units that are **calculated in Modernization** status for the Kitchen and Baths. We continue to strive to increase our occupancy level to 98% or higher.

Mt. Vernon Park Occupancy was at 90% Occupancy including the kitchen and baths. We are at 97% occupancy when we remove them as MOD calculation. We have 15 units that have kitchen and bath remodels. The waitlist was open during the 1st 2 weeks in December. We have applications that are in the final stages of approval or denial, and another orientation and unit offers to be made the 1st week in January.

Hildebrandt Park occupancy was at 96% at the end of December with the five (5) mod units included (without 98%). We had two (2) residents move out in December and four (4) move in. All vacated units at Hildebrandt Park will be turned over to Metro Development, and included in the modernization count. We are still filling units from our waiting list for the scattered sites and Forest/Hoyt units, so the waiting list process continues as we create a pool of applicants prepared for move in.

LaRoy Froh occupancy is at 94% at the end of December. We had five (5) move in's from the waitlist program. We have the waitlist closed December 13th and look to pull new applicants after January 22, 2016. Orientation and unit offers are being given to families on January 8. We have applicants that can fill the eight (8) units, when they are rehabbed.

South Washington Park Occupancy was 97% at the beginning of January but is currently down to 94%. S. Washington Park has put a plan in place to deplete its current one bedroom waitlist and open the list at the end of January into the first week in February. There were about 60 applications that were pulled on January 7 and the remaining 60 are being pulled on January 19, 2016. The applications were split for processing purposes.

S. Washington Park has been pushing security deposits in advance in order to secure units and has a plan set in play to try to lease units no later than two weeks of them becoming vacant. This plan includes a projection that goes through March of 2016.

Mt. Vernon Park has 351 total work orders at the end of December. Mt. Vernon was selected for a REAC quality control review of the inspector. The quality control inspection is January 26 and 27, 2016. The staff has been working prepare for that inspection. The Holiday time off did not help with the additional gain of work orders. Mt. Vernon does believe we have several duplicates in the system and will review all work orders by the end of January to assess the duplicates and work order process to get these completed.

Hildebrandt Park had a total of 374 open work orders as of December 31 which includes annual, routine, city inspections, REAC, etc. work orders. There were 62 new work orders created in December and the maintenance team closed 74 work orders during the month of December. Our maintenance team is focusing on closing out work orders and working with the rehab/contractors (as far as ordering supplies and delivering them timely) to help get our occupancy to 100% (not including kitchen and bath renovations). We plan to have better numbers next month since the holidays/vacations are over and we have acquired a temp from Manpower to help out.

LRF has 247 open work orders as of December 31, 2015. Staff has been working with MTV on getting their REAC inspection ready, by covering all high priority and emergency work orders called in. We also had several staff out for vacation during the holiday season.

South Washington Park work orders were at a total of 98 open at the beginning of the month. We anticipate there being a slight increase in open work orders because some time was designated to stripping and re-waxing the floors at S. Washington Park and because every effort is being taken to turn units as fast as possible.
